

We Can Help *You!*

FODAC is a 501c3 organization whose mission is to provide free or low-cost wheelchairs, vehicle modifications, home adaptations and other gently used home medical equipment (HME) for disabled adults and children to improve their overall quality of life.

We are confident we can help your Rotary Club with local and international efforts by providing:

-  Medical supplies and devices.
-  Purchase of wheelchairs and equipment for large initiatives.
-  Partnership with home modification resources.
-  HME following a disaster as part of the Georgia VOAD (*Volunteer Organizations Active in Disaster*) network.
-  Increased public awareness to your club while partnering on a service project.

We Need **Your** Help!

Even though **FODAC** is a national leader in providing equipment and services for those in need, we can't do it alone. We need your help to accomplish our goals and our mission.

How your Rotary Club can help with a service project:

- 🕒 Hold a one-time home medical equipment drive in your area to help **FODAC** meet the increasing demand.
- 🕒 Sponsor an enclosed trailer for collecting HME in your area and bring it to us when it's full.
- 🕒 Consider reducing our waiting lists by purchasing HME such as shower chairs and wheelchairs then helping to deliver the items to **FODAC** clients on a "Distribution Day"
- 🕒 Organize a medical supply sorting day at the **FODAC** facility in Stone Mountain.
